“Very impressed with the work they carried out. Professional and friendly from office staff to installer. If you need new windows I would look no further and would highly recommend to anyone. Being a family business and not a big company says it all.”

Recently had sash windows replaced. Delighted with them. They are in keeping with the traditional design of an Edwardian period property and enhance this. The time schedule was adhered to and there was excellent communication throughout from start to completion of the job. I felt the price was fair for the quality of the product and workmanship. The personnel from the company were very helpful, responsive to queries and prompt to reply. The workmanship is also excellent - the finished product looks beautiful.
