## WHY CHOOSE SCOTTISH WINDOW SOLUTIONS

We have many years of experience working with homeowners, architects, commercial clients and interior designers and have been privileged to work on some prestigious projects including:

- Scotland's Home of the Year 2021 – The Moss Killearn
- Glass & Glazing Products 2022 Winner – Johnnie Walker Experience Princes Street Edinburgh

We take extreme pride in that all our installations are carried out by our own "home grown" team of experienced Installation Engineers and Carpenters & Joiners.

Many of the projects that we are involved with are in prestigious properties, listed buildings and homes in conservation areas which require bespoke products sympathetic and complementary to the original design and features of the property.

Together with our core values of commitment, collaboration and trust we will guide you through the project life cycle, from your initial enquiry to concept design and development, right through to the final installation.

Bygone  
quality  
and care

The Bygone Sash Window Collection features the most exacting detail and innovative elements along with a perfect finish to ensure that you fit the very best to your home. As Bygone approved Master Installers, we have been handpicked to provide the quality of installation that matches the quality of your new sash windows.

#### WHAT OUR CUSTOMERS ARE SAYING

“Our Bygone windows were installed and from the first visit to estimate the cost through to the final installation, I would have nothing but praise for SWS. The knowledge and advice supplied at quotation gave us the confidence to instruct SWS. The attention to detail at the installation convinced us we had made the right decision regarding an Installer. The tradesmen were friendly and efficient and their workmanship was impeccable. We were delighted with the finished job. For several years prior to installation there had been a problem at the window during rain and westerly winds. Thankfully the Bygone window has eliminated that problem. We would have no hesitation in recommending SWS and Bygone. We would certainly use them for any future requirements”

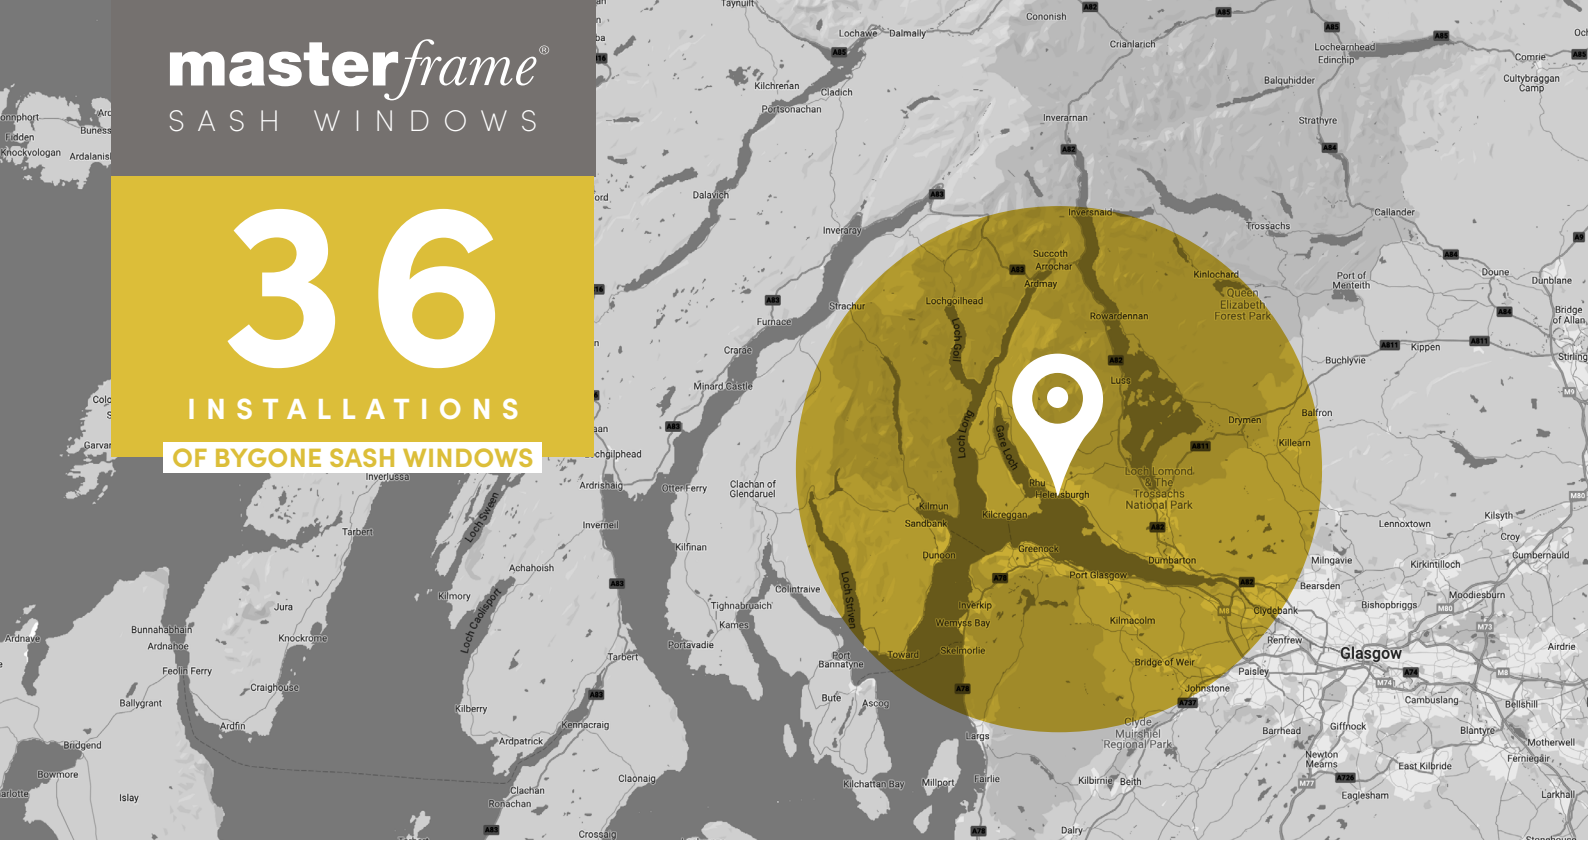

“We are delighted with our new windows from the Bygone collection. They are perfect for our old farm house, looking in-keeping with the style and age of the property and visitors to the house have assumed they are wood. It’s great that we have been able to reinstate real sash windows and the mechanism works beautifully. We loved that we were able to choose a specific coloured finish which really compliments the stone walls. The installation team were polite and friendly, took care to clean away the old windows and leave the property clean and tidy.”

“The installation was done to a high standard, and within the timeframe promised. We wanted something in keeping with the existing building and environment, and were very happy with the result. I would certainly recommend Scottish Window Solutions to anyone looking for new windows.”

INSTALLATIONS

OF BYGONE SASH WINDOWS

## LOCATED IN HELENSBURGH, OPERATING ACROSS WEST SCOTLAND AND THE TROSSACHS NATIONAL PARK

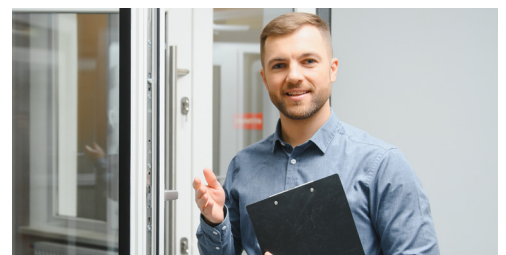

Because we believe in offering our customers only the very best quality sash windows we have been Master Installers on the Bygone approved network since 2012.

Whether you have a period style or new build, modern and contemporary home, we have a Bygone sash window to suit. You have a choice of three different specifications, Symphony, Harmony and Melody and we can offer advice and take you through the differences to help you choose the right window for your home.

Timber alternative Bygone sash windows not only look like timber originals but they are also incredibly low maintenance and are therefore an excellent investment. They come with a host of accreditations, a full 12 year guarantee and all window choices are PAS24/Secured by Design as standard for extra peace of mind.

Coloured windows are very much on trend and Bygone sash windows can be colour matched to all leading brand paint supplier palettes to suit your individual preference.
