

London Sash Windows

Perfectly curved, perfectly formed

BYGONE
COLLECTION

SASH WINDOWS

UNIQUE LONDON SASH & FRAME WINDOWS

The perfect replacement for timber windows with an arched exterior and square interior, commonly found in Victorian buildings in London and the surrounding areas

Bygone Collection sash windows are designed to satisfy the requirements of modern windows, with all the features you would expect, but foremost our windows have all the options to blend seamlessly into their surroundings and to retain the character, charm and period feel of your home.

London Sash and Frame is an ideal option for conservation areas, as the authentic design offers incredible aesthetics, with white wood foil and a colour-matching paint service available if required.

These windows are **completely bespoke** with CAD drawings produced for each window to ensure complete accuracy. High-quality panelling is then shaped by experts to fit each individual aperture. Fully trained fabricators construct the window and complete to a stunning finish.
