#### WHAT OUR CUSTOMERS ARE SAYING

##### New UPVC Sash Windows - **Customer Service 5/5, Quality 5/5, Value 5/5**

Having used Derwent Windows for a number of projects last year we had no hesitation in using them to replace our old windows with new UPVC sash windows. From the initial surveying, quotation and planning stage through to the fitting of the windows we found the staff to be very professional. We were especially with the care and attention to detail of the wooden architrave finishing to the windows, not straight forward in an older house. We would not hesitate to recommend this company to you.

The whole end to end experience of using Derwent windows was excellent, from initial site visit, to survey, to installation. The fitters (Ian and Ben) were friendly, and thoroughly professional, explaining what would happen and when. They were a pleasure to do business with and the new windows are absolutely superb.
